A TRANSPORTATION PARTNERSHIP FOR HOME-HEALTH FACILITIES

Comfort, protection, and care — every mile your residents travel.

GIMO Consulting Services moves your residents safely to dialysis, appointments, discharges, and day programs — door-to-door, on time, with trained and compassionate drivers. Let us be the transportation arm of your facility, so your staff can stay focused on care.

- Ambulatory · Wheelchair · Stretcher
- Powered by MediRoutes
- Simple Cash & ACH billing

Door-to-door

& door-through-door assistance

On-time

live-tracked, dispatched rides

Insured

vetted, background-checked drivers

WHAT WE HANDLE FOR YOUR RESIDENTS

Reliable transportation for every kind of trip

One partner for the recurring rides that fill your schedule and the one-off trips that can't wait — booked, tracked, and documented.

Medical appointments

Routine and specialist visits, follow-ups, imaging and lab work — with waiting-and-return available.

Dialysis & recurring care

Standing-order transport for dialysis, infusion, therapy and wound care — set the schedule once.

Discharge & admissions

Safe hospital-to-facility and facility-to-home transfers, coordinated with your care team.

Wheelchair transport

Lift-equipped vehicles with properly secured mobility devices and trained hands-on assistance.

Stretcher & bariatric

Comfortable stretcher transport for non-emergency riders who can't travel seated.

Day programs & errands

Adult day programs, pharmacy pickups and essential errands — keeping residents connected.

THE MEDIROUTES ADVANTAGE

Technology that makes transport dependable — and visible to your staff

Our scheduling and dispatch run on **MediRoutes**, the purpose-built NEMT platform. That partnership turns transportation from phone-tag and guesswork into a service your team can see, trust, and account for.

Smart scheduling

Route-optimized trips and standing orders mean on-time pickups and no double-booked dialysis runs.

Live GPS tracking

Your staff and families can see where the ride is and the real ETA — fewer "where are they?" calls.

Automated dispatch

Confirmations and reminders go out automatically, cutting missed trips and last-minute scrambles.

Digital trip records

Every trip is logged with times and signatures — clean documentation for your files and audits.

Facility booking portal

Request, change, and track every resident's ride from one place — no more scattered phone calls.

Accountability built in

Timestamps, driver details, and route history on every trip — reliability you can verify, not just promise.

OUR PROMISE TO YOUR RESIDENTS

Comfort, protection & care — the three things we never compromise

These are our standards on every ride. Your residents are treated with the same dignity and patience your own team gives them.

COMFORT

A calm, easy ride

- ✓ Clean, climate-controlled vehicles
- ✓ Patient, courteous, unhurried drivers
- ✓ Help from the door, not just the curb
- ✓ Companion / family seating welcome

PROTECTION

Safety on every mile

- ✓ Background-checked, drug-screened drivers
- ✓ Fully insured, inspected vehicles
- ✓ Properly secured wheelchairs & stretchers
- ✓ Sanitized between riders · PHI kept private

CARE

Dignity, start to finish

- ✓ Door-through-door assistance
- ✓ Trained in sensitivity & mobility support
- ✓ Clear communication with your staff
- ✓ Every resident treated like family

SIMPLE BILLING — NO CARD FEES

Flexible payment that works for a facility: Cash or ACH

We keep billing clean and predictable so there are no surprises for your accounts team — and no processing fees eating into your budget.

Cash

Pay per trip or on a simple statement. Straightforward for one-off rides, private-pay residents, and families settling directly — a clear receipt every time.

ACH bank transfer

Set up direct bank payment for recurring volume. Itemized invoices on your billing cycle, auto-debit optional — no credit-card surcharges, no paperwork chase.

Per-mile rate (round trips counted both ways)	**$3.50 / mile**
Wheelchair handling (per trip)	**+ $75**
Stretcher handling (per trip)	**+ $45**
Ambulatory (seated) surcharge	**None**

Transparent, mileage-based pricing — no base-fare padding. Facility contract rates and volume terms available for recurring schedules; quoted in writing before any trip.

WHY FACILITIES CHOOSE GIMO

A partnership that lightens your team's load

- **Fewer missed appointments**
  Scheduled, confirmed, tracked rides mean fewer no-shows and rescheduled dialysis runs.
- **Hours back for your staff**
  Hand off booking and coordination — your nurses and aides stay with the residents.
- **One accountable partner**
  A single point of contact for every resident, every trip — not a rotating cast of drivers.
- **Documentation you can rely on**
  Trip logs, times and signatures captured digitally for your records and compliance.
- **Flexible, fee-free billing**
  Cash or ACH, per-trip or monthly — predictable costs with no card-processing fees.
- **Built for recurring volume**
  Standing orders for dialysis, therapy and day programs — set once, run reliably.

Become a GIMO partner — in minutes.

Ready to get started? Sign the partnership agreement online and create your facility account, then start requesting trips from your dashboard. Both parties receive an executed copy by email.
